17.56.190 (6.26).D Application Requirements.

1. Initial Application.

Each VDU must procure a VDU License. Existing VDUs must obtain a VDU License within 3 months of the adoption of this ordinance. A VDU License issued pursuant to this ~~article~~ Section shall also serve as a business license for rental activity pursuant to Chapter 5.04 of the Trinidad Municipal Code. The VDU License shall identify the existence of a VDU at a particular address and declare the number of bedrooms in the VDU and its intended maximum occupancy.

A site plan and floor plan must be submitted along with the VDU License application so the City can verify the number of bedrooms, off-street parking spaces, and other requirements. The site plan and floor plan do not have to be professionally prepared, but must be to scale and include enough information to verify compliance. A sample rental agreement that addresses the requirements of this Chapter shall also be provided.

Formatted: Font: (Default) Arial, 10 pt

Each application for a VDU License shall be accompanied with proof of a general liability insurance in the amount of one million dollars combined single limit and an executed agreement to indemnify, defend and hold the city harmless from any and all claims and liability of any kind whatsoever resulting from or arising out of the registration of a VDU.

An initial VDU License Fee, as set by resolution of the City Council, will be charged for the first year of each VDU's operation.

Formatted: Font: 10 pt

The City will notify all property owners within 100 feet of a VDU property of the VDU License within 7 days of its issuance or re-issuance. This notice may be combined with the required 24-hour emergency contact phone number notice required in subsection 3.b below.

Upon initial application for a VDU License, the City shall provide all VDU licensees with copies of informational materials identifying protective measures for preventing and minimizing impacts to environmentally sensitive habitat areas, water resources, and septic systems from the vacation rental use of the residences. Such protective measures include, but not limited to: (1) avoiding human encroachment into environmentally sensitive habitat areas; (2) directing or screening exterior lighting from illuminating riparian corridor areas; and (3) best management practices for the proper handling and disposal of trash and chlorinated water from hot tubs, swimming pools, and other spa facilities.

2. VDU License Renewals.

The fee for annual renewals for subsequent years shall be set by resolution of the City Council. Any changes to the site plan, floor plan, allowable occupancy, or rental agreement shall be submitted along with the license renewal.

3. Contact Information.

a. Local Contact Person.

Each VDU must designate a local contact person on the VDU License form. That person may be either the owner or the property manager, and that person must live within 25 miles of Trinidad so that he/she can respond personally to an emergency.

b. 24-Hour Emergency Contact Phone Number.

A 24-hour emergency contact phone number is required for each VDU. The 24-hour emergency contact phone number shall be prominently placed for the occupants' use inside the VDU. Any change to the emergency contact number shall be promptly provided to the Trinidad City Clerk and posted within the VDU.

The emergency contact phone number will be forwarded by the City Clerk to the Trinidad Police Department, the County Sheriff's Office, the Trinidad Volunteer Fire Department, and to each neighbor within 100 feet of the VDU within 7 days after the issuance or reissuance of a VDU License for the VDU.

The emergency contact information sent to neighbors may include further instructions in the case that a response from the 24-hour emergency contact number is not forthcoming. If there is an emergency or complaint, and the emergency contact person does not respond within a reasonable period of time, concerned persons will be encouraged to report the emergency through the 911 emergency calling system or the Police or Sheriff's Department. It is unlawful to make a false report or complaint regarding activities associated with a VDU.

17.56.190 (6.26).E Effect on Existing Vacation Dwelling Units.

Each individual operating a VDU existing at the time the VDU Ordinance is adopted, including those currently holding a valid Trinidad Business License, shall be subject to the requirements of this Section of the Zoning Ordinance upon its adoption. The owner of an existing VDU which does not meet the requirements of this Section will not be issued a VDU License and shall not use the VDU structure for VDU purposes.

Formatted: Font: (Default) Arial, 10 pt

17.56.190 (6.26).F Location.

VDU's are permitted only in Special Environment, Suburban Residential, Urban Residential, and Planned Development zoning districts. VDUs are also permitted in a legally established Accessory Dwelling Unit subject to meeting the requirements of this [ArticleSection](#). Each separate VDU must obtain its own, individual VDU License. There shall be no more than one VDU per parcel.

Formatted: Font: 10 pt

17.56.190 (6.26).G Non-Permitted Uses.

There shall be no permitted use of the VDU structure other than occupancy for dwelling, lodging, or sleeping purposes. Use for commercial events or events which are not hosted by the VDU's property owner are not permitted.

17.56.190 (6.26).H VDU Standards

All VDUs will be required to meet the following standards:

1. Number of Occupants.

The maximum number of occupants allowed in a VDU shall not exceed two persons per bedroom plus an additional two persons (e.g., a two-bedroom VDU may have six occupants). Except that in the Suburban Residential Zone, if the VDU has a total floor area that exceeds 800 square feet per bedroom, then for each additional 500 square feet of floor area above this total, one additional occupant may be allowed, up to a maximum of two additional occupants. Where it can be determined based on the Humboldt County Division of Environmental Health permit or file information or an actual inspection of the system, the number of bedrooms will be based on the design capacity of the septic system.

2. Off-Street Parking.

A VDU must provide at least one off-street parking space for every two occupants allowed in the VDU pursuant to Section [17.56.190 \(6.26\).H.1](#). The off-street parking space/s shall be entirely on the VDU property. VDU owner/operators shall not use public right-of-way (street) spaces to meet their required off-street parking needs. Off-street parking spaces will not be located on the septic system unless it is designed and rated for traffic in a manner that will not compromise the functioning of the septic system.

VDUs that have been in existence for a minimum of two years that can not feasibly comply with the parking requirements may apply for an administrative exception. Exception requests shall be made through the City Clerk and shall provide documentation (e.g. receipts or rental contracts) showing both that the VDU has been in active operation for a minimum of two years and the maximum rental occupancy over that period. The request shall include a detailed site plan and justification as to why the required parking spaces can not be accommodated on the site, as well as note where alternative parking is utilized. The City Planner shall only grant an exception to accommodate the documented maximum occupancy over the past two years. The City Planner may deny an exception request or approve the exception for fewer parking spaces than requested if the exception would be detrimental to the public health and safety.

3. Water Use.

To prevent overloading of septic systems, each VDU shall be operated in a manner to ensure that the occupancy and use of a VDU shall not result in annual domestic water use greater than that associated with the non-VDU use of the residence based on an average daily consumption of 150 gallons per bedroom (7,324 cubic feet per year per bedroom) with a ~~reasonable~~ 30% allowance for landscaping above the design flow based on the lot size as provided in the table below.

Where it can be determined based on the Humboldt County Division of Environmental Health permit of file information or an actual inspection of the system, the number of bedrooms will be based on the design of the septic system. Annual water use records will be kept on file along with the VDU License and application materials to allow for verification that the VDU water use did not exceed allowable volumes as described above.

Formatted: Font: (Default) Arial, 10 pt

If the City determines that the VDU use has exceeded the appropriate average annual water usage, as described above, during the preceding year, the VDU owner/operator shall take constructive measures to reduce water use. Adaptive measures include, but are not limited to: (a) installing water conservation fixtures and appliances; (b) planting xerophytic landscaping; and/or (c) reducing the maximum occupancy of the VDU.

4. Septic System.

Each VDU's owner or property manager must provide proof that the septic system for the structure in which the VDU is located is functioning properly and in conformance with all federal, state, and local regulations. Information on the appropriate use of a septic system, in a form approved by the City, shall be posted in each bathroom in the VDU and the kitchen.

5. Appearance and Visibility.

The outside appearance of the VDU structure shall not change the residential character of the structure by the use of colors, materials, lighting, or signage (except as ~~required~~ allowed by this Section 17.56.160 (6.16)). The VDU shall not create any noise, glare, flashing lights, vibrations, or odors that are not commonly experienced in residential areas or that would unreasonably interfere with the quiet use and enjoyment of any other residence or business in the area.

6. Signs.

A single sign, legible from the property's street frontage, and no greater than 3 square feet in size may be attached to the VDU structure or placed immediately adjacent to the front of the VDU structure. The purpose of the sign is to notify the public that the structure is or contains a VDU. The sign must provide a 24-hour emergency telephone contact number for complaints, and a business telephone number for persons seeking information on the VDU. The signage shall comply with all applicable standards of the Zoning Ordinance's sign regulations.

7. Trash.

Trash and refuse shall not be left stored within public view, except in proper containers for the purposes of collection. There shall be no accumulation or storage of trash and / or debris on the site or within the VDU.

8. Visitors.

The number of visitors to a VDU shall be limited to not more than 20 persons, including occupants, per parcel at any time. If there is more than one VDU on a property, the 20 person maximum applies to the property, not each VDU. Visitors are not allowed to stay overnight on the premises.

9. Noise.

Occupants of VDU properties and visitors shall not generate noise such that it would unreasonably interfere with the quiet use and enjoyment of any other residence or business in the area. Any noise occurring after 10:00 pm and before 8:00 am should be contained within the VDU and shall not be able to be heard by or offend any adjacent neighbors. What is reasonable in terms of noise generated shall be determined under existing legal standards applicable to evaluating alleged nuisances.

10. Traffic.

Vehicles used and traffic generated by the VDU shall not exceed normal residential levels or unreasonably interfere with the quiet use and enjoyment of any other residences or businesses in the area. What is reasonable in terms of traffic generated shall be determined under existing legal standards applicable to evaluating alleged nuisances.

11. Tenancy.

The rental of a VDU shall not be for less than two successive nights.

12. Good Neighbor Brochure.

Formatted: Font: (Default) Arial, 10 pt

Prior to occupancy pursuant to each separate occasion of rental of a VDU, the owner or the owner's agent shall provide a copy of the Good Neighbor Brochure to the occupants and / or shall post the Good Neighbor Brochure in a clearly visible location within the VDU.

Formatted: Indent: Left: 0.25", First line: 0"

13. Emergency Preparedness.

Information regarding local hazards, such as earthquakes and ocean related hazards, in a form approved by the City, shall be posted within the vacation rental in an easily seen location, such as the entry or kitchen area. In particular, information regarding regular testing of the tsunami siren, the Volunteer Fire Department siren and real emergencies shall be included.

17.56.190 (6.26).I Tourist Occupancy Tax.

The rental, letting, leasing, or other contractual use of a VDU is subject to a Tourist Occupancy Tax ("TOT") and any other mandated taxes. Each VDU owner and/or manager shall meet all of the requirements of the City with respect to registration of TOT collectors, and the collection, recordkeeping, reporting and remittances of applicable TOT.

17.56.190 (6.26).J Audit

Each owner and agent or representative of any owner shall provide access to each VDU and any records related to the use and occupancy of the VDU to the City at any time during normal business hours, for the purpose of inspection or audit to determine that the objectives and conditions of this Section are being fulfilled.

17.56.190 (6.26).K Dispute Resolution.

By accepting a VDU License, VDU owners agree to engage in dispute resolution and act in good faith to resolve disputes with neighbors arising from the use of a dwelling as a VDU. Unless an alternative dispute resolution entity is agreed to by all parties involved, dispute resolution should be conducted through Humboldt Mediation Services.

17.56.190 (6.26).L Violations

1. Penalty

Violations of this Section are punishable as either infractions or misdemeanors, pursuant to the provisions of Section 17.76.050 (7.20) of the Zoning Ordinance. Each separate day in which a violation exists may be considered a separate violation. The City of Trinidad can also enforce these VDU regulations by way of nuisance abatement action. Enforcement by way of a nuisance action shall be discretionary and shall only occur upon a lawful vote of the Trinidad City Council to prosecute the matter as a civil nuisance action.

2. Revocation

If the VDU owner or property manager is deemed by City staff to be negligent in responding to an emergency situation more than two times in a 12-month period, or if more than two documented, significant violations occur in any 12-month period, the VDU License may be revoked. Documented, significant violations include, but are not limited to, copies of citations, written warnings, or other documentation filed by law enforcement. No revocation shall occur unless decided by a lawful majority vote of the Trinidad City Council and after written notice, served by first class mail, of at least 21 days was given to the owner of record and the local contact person as set forth in the VDU application. Revocation may be temporary or permanent depending on the nature and number of the violations.

3. It is unlawful to make a false report to law enforcement regarding activities associated with vacation rentals.
